

Senior Living & Memory Care Communities

January 14, 2021

To: All Residents, Representatives, and Families:

On January 14th, Roseleaf Gardens was notified that 11 additional residents tested positive for COVID-19. From December 2020 to present, 19 residents and 3 staff have tested positive for COVID-19. Residents that have tested positive have been relocated to another health care center for treatment. Due to privacy requirements Roseleaf Gardens cannot share further information about any of the individuals who have tested positive for COVID-19. We continue to work with Butte County Public Health officials when a confirmed case is identified.

Roseleaf Gardens promotes a universal masking requirement, conducts at least daily symptom screenings for staff and residents, has staff dedicated to infection prevention and quality control, monitors visitation and entry into the building, applies precautionary measures to carefully limited communal activities, and provides continued trainings on infection prevention updates.

We appreciate your on-going support, and we ask for your continued prayers during this unprecedented time.

If you have any questions, please do not hesitate to contact us at (530) 895-0800.

Eric Perry, RCFE
