

Senior Living & Memory Care Communities

February 5, 2021

To: All Residents, Representatives, and Families:

On February 5, Roseleaf Gardens was notified that 1 resident tested positive for COVID-19. From December 2020 to present 26 residents and 7 staff members have tested positive for COVID-19. Due to the positive status these residents have been relocated to another health care center for treatment.

Roseleaf Gardens continues to work with Butte County Public Health officials when a confirmed case is identified. Due to privacy requirements Roseleaf Gardens cannot share further information about any of the individuals who have tested positive for COVID-19.

Roseleaf Gardens continues its response driven testing for residents in our community including our employees. Roseleaf Gardens promotes a universal masking requirement, conducts at least daily symptom screenings for staff and residents, has staff dedicated to infection prevention and quality control, monitors visitation and entry into the building, applies precautionary measures to carefully limited communal activities, and provides continued trainings on infection prevention updates.

We appreciate your on-going support, and we ask for your continued prayers during this unprecedented time.

If you have any questions, please do not hesitate to contact us at (530) 895-0800.
