

Senior Living & Memory Care Communities

February 5, 2021

To: All Residents, Representatives, and Families:

Roseleaf Senior Care Community is deeply grateful for the support of its wonderful residents and their families. As you are aware, COVID-19 cases continue to rise across the state and Roseleaf Senior Care continues its diligent work to protect the welfare and well-being of our residents. Consistent with our previous practice, we will continue to notify you as we identify positive cases in either our residents or staff members.

Roseleaf Senior Care has been notified that one resident and two staff members have tested positive for COVID-19. Roseleaf Senior Care immediately implemented isolation precautions for our resident in our health care center and provided an update to any staff assigned to interact with the resident. Roseleaf Senior Care will provide further instruction to any staff members working with this resident going forward until cleared from precautions. Roseleaf Senior Care continues to work with Butte County Public Health officials when a confirmed case is identified. Due to privacy requirements Roseleaf Senior Care cannot share further information about any of the individuals who have tested positive for COVID-19.

Roseleaf Senior Care continues its response driven testing for residents in our community including our employees. Roseleaf promotes a universal masking requirement, conducts at least daily symptom screenings for staff and residents, has staff dedicated to infection prevention and quality control, monitors visitation and entry into the building, applies precautionary measures to carefully limited communal activities, and provides continued trainings on infection prevention updates.

We appreciate your on-going support, and we ask for your continued prayers during this unprecedented time. If you have any questions, please do not hesitate to contact us at (530) 895-0800.

Kelly White
